

Eraser Art

All you need for this activity is paper, a pencil and an eraser.

Directions:

Use the side of the point on your pencil to cover your paper with graphite. The darker you do this step, the easier it will be to see the eraser art.

Use your eraser to draw or write something.

As always, you can send a picture of your artwork to kreed@richland.lib.wa.us and we will post it on the library Facebook page.
