

## North-South Transportation Study

### **A. No-Build**

No changes to current road system.

### **B. Kingsgate Way Extension**

Extend Kingsgate Way south from SR 240 to Keene Road.

### **C. Aaron Drive/SR 240/I-182 Interchange Improvements**

Southbound through traffic will no longer stop at the signal.

### **D. SR 240-By-Pass Grade Separation**

Elimination of traffic signals on 240 By-Pass.

### **E. Widen SR 240 Southbound**

Add one additional lane to SB SR 240 from north of Vantage Hwy to I-182.

### **F. North Richland Bridge**

Build the proposed North Richland Bridge, includes a new four lane East-West Road about 1.25 miles North of Horn Rapids Road. Bridge would then go East across the Columbia River to Columbia River Road; Columbia River Road/ Road 68 widened South to Sandifur Parkway.

### **G. George Washington Way/Columbia Point Drive Intersection Improvements**

Add lanes and reconfigure the intersection.
